DETAILED ACTION

Claim Objections

Claims 4-15 are objected to because of the following informalities: Claims 4, 6 and 14 depend from subsequent claim number, namely, Claim 15. Examiner suggests canceling all pending claims and renumbering them in proper order starting from claim number 16. Claim 15 should come first, followed by Claims 4-14. Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 15 and 4-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Dependent Claim 15 is vague and indefinite in the recitation of "An agent capable of specifically forming a complex" because it is not clear if the claim is directed to an agent having just the capacity or an agent that actually forms the complex.

No claim is allowed.
